

FISH Workshop

1/2 Day Workshop

FISH In the Real World

Consider this....

- Simple, interconnected principles that everyone can tailor to their own life and work..
- Play as learning, experimentation and interaction.
- Absenteeism down, productivity up
- Common wisdom that everyone can embrace
- Powerful, flexible program that can support many of your other goals and programs
- Catch the energy and release the potential

Imagine a workplace where everyone chooses to bring energy, passion, and a positive attitude to the job. Imagine an environment in which people are truly connected to their work, colleagues and customers. FISH™ is more than boosting morale and motivating your employees. It's about being the best you can be and having fun while you do it..

Our FISH workshops give you the opportunity to implement change in the workplace whether it is leadership, customer service or culture. The FISH philosophy has been implemented by a large variety of renowned organisations throughout Australia.

The four principles of FISH are:

- Play
- Be there
- Make their day
- Choose your attitude

Consider tailoring your course

If your organisation will benefit from an in-house program, discuss the endless opportunities with a training consultant from the ARA and take advantage of the discounted packages available.
